Background

Prior to the settlement of the new owner group, the Owners Corporation was effectively run by the developer. No formal minutes from that period are available. This meeting is therefore the first proper AGM of the Owners Corporation involving the new owner group, and is being conducted on that basis.

A key purpose of the meeting is to introduce owners to one another, walk through how the Owners Corporation operates, address the standard annual business required under the Owners Corporations Act 2006 (Vic), and approve the budget for the year ahead.

Common property — bollard lighting. A review of the establishment documentation has identified that the shared bollard lighting located on the common driveway and entry of 12–14 Grace Avenue forms part of

the common property under Plan of Subdivision PS932352U. As such, responsibility for its electricity supply, maintenance, and any future replacement sits with the Owners Corporation. This expense was not contemplated in the existing 2025–26 budget. Rather than levy a special fee for the remainder of the current year, the cost will be managed within the existing contingency funds, and a dedicated common property line item (\$1,440) has been included in the proposed 2026–27 budget set out below.

Approval of the 2026–27 annual budget. Owners are asked to consider and approve the proposed budget for the next financial year (1 July 2026 – 30 June 2027), which incorporates the common property allocation referred to above and an adjustment to the insurance premium to reflect updated cover.

Agenda

1. Welcome and confirmation of quorum
2. Apologies
3. Tabling of insurance details (refer to Insurance Schedule below)
4. Tabling of statement of financial position (refer to Financial Position below)
5. Discussion of Owners Corporation rules
6. Motion for consideration — approval of 2026–27 annual budget
7. General business and Q&A
8. Close

Motion for consideration

Motion 1 — Approval of the 2026–27 annual budget

That the Owners Corporation approves the proposed annual budget for the financial year 1 July 2026 to 30 June 2027 as set out in the table below, totalling \$13,940, and that annual fees be levied equally across the eight (8) lots at \$1,742.50 per lot per annum.

Line item	Current 25–26	Proposed 26–27	Note
Insurance	\$6,000	\$7,500	Increase to reflect updated cover
Management fees	\$4,000	\$4,000	Unchanged
Disbursements	\$500	\$500	Unchanged
Common property (bollard lighting)	\$0	\$1,440	New line — maintenance & electricity
Contingency	\$500	\$500	Unchanged
TOTAL	\$11,000	\$13,940	
<i>Per lot (8 equal entitlements)</i>	<i>\$1375.00</i>	<i>\$1742.50</i>	<i>+\$367.50 per lot</i>

Vote required: ordinary resolution (simple majority).

If the motion is not passed: the Owners Corporation will be unable to levy fees on the basis of the proposed 2026–27 budget. The existing 2025–26 fee structure (\$1,375 per lot per annum) would continue to apply by default until a revised budget is approved at a subsequent general meeting. The cost of bollard lighting

electricity would be paid from the existing \$125 contingency funds in the short term — this will only cover one to two months at most, after which a Special General Meeting would need to be called to approve a revised budget or interim funding arrangement. Owners are encouraged to raise any concerns with the proposed budget before or during this meeting so that a workable budget can be agreed on the day. Amendments to the motion may also be proposed and voted on during the meeting.

Owners Corporation rules

By default, the Owners Corporation operates under the model rules set out in Schedule 2 of the Owners Corporations Regulations 2018 (Vic). These cover standard matters such as use of common property, behaviour and noise, parking, pets, security, and damage to common property.

At this AGM there will be an opportunity for owners to discuss the model rules and identify whether any additional or different rules should be proposed for adoption. Any proposed change to the rules requires a special resolution (75% of total lot entitlement in favour) at a future general meeting and must be lodged with Land Use Victoria to take effect.

Common areas where Owners Corporations adopt additional rules include:

- short-stay accommodation (Airbnb, Stayz, etc.)
- specific parking arrangements for visitors or commercial vehicles
- pet ownership and conduct
- smoking and vaping on common property and balconies
- hard flooring and noise transmission in multi-level developments

Owners are welcome to raise rule ideas in the discussion at the meeting; if there is broad interest, MyOCM can draft proposed wording for consideration at a future general meeting.

Fees fixed during 2025–26

The following annual fees have been levied across the lots for the 2025–26 financial year, based on the existing budget of \$11,000:

- Annual fee per lot: \$1,375.00
- Total annual fees raised: \$11,000.00
- Apportionment: equal across the eight (8) lots (each lot holds 1/8 lot entitlement)

No special fees have been levied during the 2025–26 financial year.

Insurance Schedule

In accordance with section 71(2)(c) of the Owners Corporations Act 2006 (Vic), the following insurance details are tabled for consideration at the Annual General Meeting. A full copy of the Certificate of Currency setting out every section and sum insured is available on request from MyOCM.

Lot owners are encouraged to consider whether the building sum insured of \$4,000,000 reflects the current reinstatement value of the building. A formal valuation has not been undertaken since the policy was issued.
